Remove Duplicate Pictures Pro: User Opinions Remove duplicate pictures, remove duplicate picture files, remove duplicate files with pictures and remove duplicate files with documents - all this is needed to thousands of people worldwide. Many of them already removed duplicate files successfully with Remove Duplicate Pictures Pro. That's what people say about Remove Duplicate Pictures Pro possibilities:

"At April issue of "My Computer" magazine I read that Remove Duplicate Pictures Pro is the easiest and most user-friendly way to remove duplicate files. I have large picture file collection on my computer. Several first years it was easy to maintain it, but now, when I periodically download variety of picture files from Internet it became very hard to find something in my picture collection. I did not know what to do - variety of folders and in every of them are photo and picture files those I even never seen. I even wanted to stop collecting of picture files, but suddenly come in mind that article - and I downloaded and started Remove Duplicate Pictures Pro. It was like a miracle - all my picture files were sorted, renamed, organized automatically, exactly as I wanted. Really useful picture file sorter - It is needed for everyone who has picture files and wants them to be in ideal order."

Christopher Garvin, picture collector, ChGarvin@Pictures.com

"At our picture studio, as on any other, is stored a large amount of picture files. Some of them are used regularly, some of them not. It is very hard to find needed picture file in our picture archive, where are stored thousands of picture files. We had to hire a special employee, who categorized pictures in archive, but even such salvation was not perfect - we periodically received several thousands of picture files in a day, and a person who organized them, could not sort and organize them all and made a lot of errors. All this unsorted picture files collected, collected and collected... One day while real-time TV broadcasting, picture clips prepared to be shown for TV transmission were lost in all this chaos and we were forced to break TV transmission. My colleague from another picture studio called me, when knew about incident, and advised to use Remove Duplicate Pictures Pro. Over several hours all our thousands of pictures's were sorted and organized and even if we are gathering several hundreds of new images every day, Remove Duplicate Pictures Pro easily append them to common picture collection - right from picture CD's! Thanks very much to all Remove Duplicate Pictures Pro developers. picture file sorter, that they made, really helps people."
